

BENCH & COMBINATION STONES

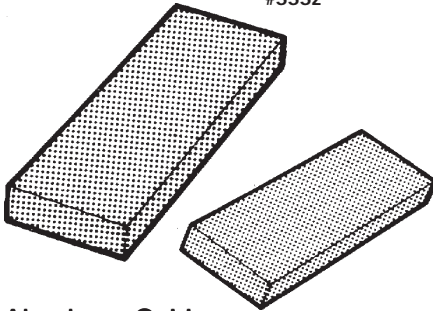

INDIAN STONES are a scientifically proven product. The grit of this stone is only second to diamond in hardness. These stones are used with oil and water. INDIAN STONES, brown in color, is the stone of choice for sharpening high quality steel tools where keenness of edge is a major importance. ARKANSAS STONES a natural stone, with high density, very hard, makes it invaluable to surgeons, dentists, watchmakers, jewelers, tool makers, wood and ivory carvers.
