

## inspection tool set

Complete with the three most versatile tools for inspection work. Everything you need for precision measurement at your finger tips, all packed in one sturdy plastic case.

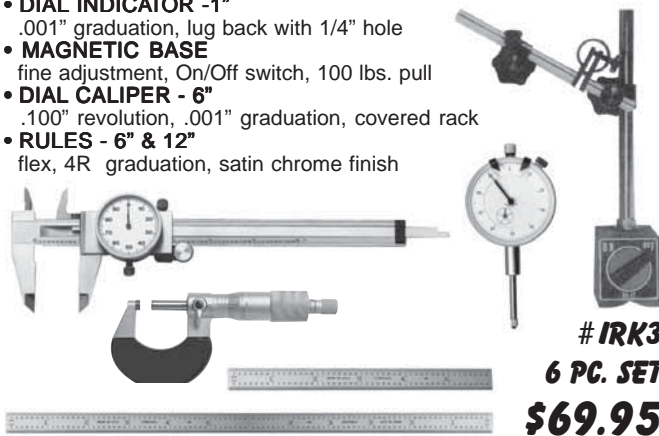

- **MICROMETER -1"**  
.0001" graduation carbide tipped with ratchet stop and lock nut.
- **RULE - 6"**  
flex, 4R graduation, satin chrome finish
- **DIAL CALIPER - 6"**  
.100" revolution, .001" graduation, covered rack

#IRK4  
3 PC. SET  
**\$32.95**

## machinist starter kit

- **MICROMETER -1"**  
.0001" graduation carbide tipped with ratchet stop and lock nut.
- **DIAL INDICATOR -1"**  
.001" graduation, lug back with 1/4" hole
- **MAGNETIC BASE**  
fine adjustment, On/Off switch, 100 lbs. pull
- **DIAL CALIPER - 6"**  
.100" revolution, .001" graduation, covered rack
- **RULES - 6" & 12"**  
flex, 4R graduation, satin chrome finish

#IRK3  
6 PC. SET  
**\$69.95**

## precision TOOL package

- **DIAL TEST INDICATOR**  
.0005" graduation, range .030", .098" contact point, jeweled bearings
- **SURFACE PLATE**  
B-grade, O-ledge, ±.0001" accuracy, certificate of accuracy
- **VERNIER HEIGHT GAGE - 12"**  
extra long vernier scale, satin chrome finish
- **GAGE BOLCK SET - 81 PC.**  
grade-B, all steel type, certificate of accuracy, ±.00005 accuracy

#IRK2  
4 PC. SET  
**\$259.00**

## precision indicator package

- **DIAL INDICATOR -1"**  
.001" graduation, lug back with 1/4" hole
- **MAGNETIC BASE**  
fine adjustment, On/Off switch, 100 lbs. pull
- **VIEW-A-POINT**  
22 pc. assorted points to fit American & Import indicators

#MBDIPS  
3 PC. SET  
**\$32.95**

## power feed

- Special electrical relay protects against damage caused by power failure
- New and stronger design
- Electrical and mechanical are made for easy maintenance
- Electrical 110V with manual reset switch & pilot light

**For Bridgeport Type Milling Machines!**

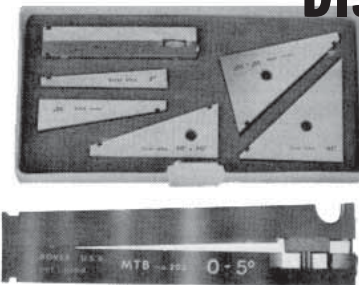

Speed Range ..... 0-200 RPM  
Torque Rating ..... 150 lbs./in.  
Voltage ..... 110V/50/60HZ

#PF-150  
**\$395.00**

## tangent bar & angle block set

- Made of hardened steel and precision and ground
- Accuracy ±.0001" per 3.7" length
- Use any where the Sine Bar / Jo Blocks are used
- Innovative, direct angle setting precision instrument
- No tangent or sine computations required

**DISCONTINUED**

**Master Bar & 1 ea.  
5°, 10°, 30°, 45°  
Angle Block**

#440-038  
**\$99.95**
